Power-Start Assist Hand Pallet Truck

PST23

The Power-Start Technology on the PST23 minimizes the starting resistance even when the truck is heavily loaded. With a simple design, the truck assists the operator without the use of a battery or motor. Just pump the towbar a few times and you can move even the maximum load in any direction.

Standard Specifications

- Capacity: 5000 lbs
- Fork Length: 48"
- Frame Width: 27"
- Fork Width: 6.25"
- Low Height: 2.90"
- Raised Height: 7.65"
- Wheel Diameter: 7.00"
- Wheel Type: Powerthane
- Roller Diameter: 3"
- Roller Type: Poly
- Weight: 188 lbs
- Fork Length: 48"
- Fork Width: 7"

Ask about options for fork length and frame width.
