

# Embrace GREENER Alternatives

Cabot is always on the hunt for products that will reduce our customers environmental footprints. We are excited to announce two new stretch film products that use cutting edge technology that will reduce your impact on the environment.

## INTRODUCTORY OFFER!

### Sigma Vanish

Vanish stretch film is designed to bio-assimilate beginning 2 years post production. Bio-assimilation is the process of turning the film into a renewable material - a food source for micro-organisms.

#### Specifications

- 16" x 1476'
- 52 gauge
- One-side cling
- Cast film
- 4 rolls/case
- 256 rolls/skid

#### Features

- No microplastics
- No toxins
