

Protective Mailers

Paper mailers are made with a kraft exterior, are an environmentally sound option for shipping a wide variety of goods. Certified to Sustainable Forestry Initiative® (SFI) standards, our kraft mailers are made with 100% recycled paper fibers. These mailers are reusable and can be recycled with mixed paper in curbside bins.

Jiffylite® Kraft Bubble Mailers

Protect items with an internal layer of BUBBLE WRAP® brand cushioning. Fully laminated kraft and air cellular construction provide outstanding strength and puncture resistance. A seamless bottom adds additional cushioning protection and greater overall strength and safety. Perfect for items like jewel cases and books, with maximum cushioning on all sides.

Jiffy® Padded Mailers

Constructed from heavy-duty kraft paper with a uniform inner padding. The inner padding is made with macerated paper between the plies for cushioning, eliminating the need for added packing materials. Padded mailers are a practical, efficient, environmentally friendly alternative to a corrugated box.
