About M+A Matting

The M+A name represents two powerful brands – Mountville and Andersen – with nearly a century of combined experience developing and manufacturing mats designed to make environments safer, cleaner, and more comfortable.

A Brief History

In 1963, the late Emmet Hart, with his wife Nancy by his side, established Mountville Mills. A little over a decade later, in 1974, the late Walter Andersen established The Andersen Company. Throughout the years, the companies drove innovations in their respective markets; Mountville in the textile rental market, and Andersen in the janitorial/sanitary supply markets. Driven by quality, innovation, and customer service, they paved the way for future generations of Harts and Andersens to expand the business. In 1999, these flagship brands joined forces to become the largest mat manufacturer in the world, and in 2018 we made the union official with a name change to M+A Matting.

For decades, we've been a symbol of quality and customer service. We're the driving force in the mat industry, developing the next generation of mats designed to provide superior safety, cleanliness, and comfort to workers and customers across the world. Whether you need entrance matting, logo matting, or anti-fatigue matting, M+A has you covered.

There are three principles that guide every action we take, every decision we make, and every mat we produce:

- Do the right thing.
- Do what is best for the customer.
- Drive improvements and innovation.

It is these core values that drive us to provide our customers with high-performance, high-quality matting and unparalleled customer satisfaction.

Satisfaction Guaranteed

M+A mats are where design and function come together, where quality isn't compromised to meet a price point, and where solutions to your maintenance and décor problems come first. We promise our customers an unconditional, 100% satisfaction guarantee for the life of the product.

At M+A, we are committed to reducing our environmental impact. We are continually improving our environmental performance as an integral and fundamental part of our business strategy and operating methods. We have reduced waste going to landfills by 80% and recycle most paper, metal, cardboard, plastic, carpet, and rubber waste we generate. Our commitment is also evident in our development of dozens of mat styles that contain recycled raw materials.

For over five decades, M+A Matting has been America's leader in innovative floor protection systems, industrial safety, anti-fatigue products, and high performance entrance matting. If you are looking for better ways to minimize maintenance, prolong floor surface life, reduce cleaning costs, improve safety, or increase worker comfort, ask for M+A Matting.

Our Environmental Commitment

M+A Matting is dedicated to environmental stewardship and strives to create a culture of conservation as a manufacturer and global supplier. We have funded and will continue to fund the research and development (R&D) of matting designed to keep facilities safe, clean, and comfortable.

As a leading manufacturer of matting, M+A has established R&D priorities intended to create sustainable products made from recycled materials whenever possible, and continually evaluates operational procedures looking for opportunities to implement practices that conserve resources and minimize waste.

- Our SBR (styrene-butadiene rubber) is made from recycled tires.
- Several of our mats are made from post-consumer recycled materials:
 - » Our 23-ounce PET yarn contains 100% recycled content.
 - » Our 24-ounce WaterHog® PET fiber contains 97-100% recycled content.
 - » Our 30-ounce WaterHog Max PET fiber contains 100% recycled content.
 - » Our 44-ounce Berber Impressions carpet contains 85% recycled content.
 - » In 2022, M+A transformed more than 69 million plastic bottles that might have otherwise ended up in a landfill or ocean into ColorStar, WaterHog, WaterHog Max, and Berber Impressions mats.
- Over the past few years, we transitioned from separating layers of rubber backing with plastic (to prevent adhesion) to using a unique dip process that eliminated the need for a plastic barrier between each sheet of rubber. As rubber is calendared, it's dipped in a solution that coats it with an inert powder and prevents the layers of rubber from sticking to one another when stacked/stored. This dip process has allowed us to eliminate the use of more than 500,000 pounds of plastic per year!
- Mountville Rubber, M+A Matting's sister company and rubber supplier, recycles approximately 1.6 million pounds of rubber annually.

Feeling overwhelmed by the choices and not sure where to begin?

Use the M+A filter feature to find the perfect mat based on your needs and environment.

Scraper

Scraper mats are heavy-duty mats designed to stop mud and larger particles of dirt from being tracked inside buildings.

Scraper/Wiper

Scraper/Wiper mats provide scraping action and wiping to further stop dirt and moisture from entering a facility. These mats are typically made of tough heavy-duty commercial fabrics. They retain dust in recessed grooves while absorbing moisture in the fabric surface.

Carpeted (Wiper)

Wiper mats are designed to stop any remaining dust and moisture. These mats are made with a variety of carpeted surfaces and colors to compliment a wide range of interiors.

Anti-Fatigue

Ergonomic mats and floor tiles reduce fatigue by up to 50%. Anti-fatigue mats help increase blood circulation and reduce pressure on the body's musculoskeletal system. They also reduce foot arch pronation, varicose veins, and pain commonly attributed to standing for long periods of time.

Anti-Slip

Uniquely designed texturized surfaces prevent slip and fall accidents. Heavy-duty rubber keeps the mats in place and prevents movement on a variety of surfaces.

Damp Areas

May be used in areas where moisture is present.

Wet Areas

Recommended for use in wet areas. While other mats may be suitable for use in wet areas, mats with the wet icon are the best choice for wet areas. These mats are designed to provide traction even in very wet conditions.

Anti-Microbial

Matting permanently treated with an anti-microbial agent that guards against degradation from micro-organisms and minimizes mats being a source of odors.

Chemical Resistant

Many M+A Matting mats are manufactured with nitrile rubber which is resistant to most commonly used chemicals.

Oily Environment

Nitrile rubber mats withstand degradation from oils and grease. These mats are suitable for use in environments with industrial oils, machine lubricants, greases, food grade oils, etc.

Safety

Matting and tiles with highly visible, colored borders and beveled edges reduce trips and falls.

Welding Safe

Matting that is suitable for use in locations of high temperatures and welding slag. The temperature resistant rubber can withstand temperatures up to 1742 degrees Fahrenheit from welding slag and hot metal shavings.

ESD

Matting that dissipates static electricity from people to protect sensitive equipment and small static generated electric shocks.

Cart Traffic

Matting and tiles designed to withstand heavy cart traffic.

Recycled Content

Contains recycled content.

M+A MATTING HAS THE RIGHT MAT FOR EVERY JOB

LINE OF DEFENSE

#1 Scraper Mats

Scraper mats are designed for placement outside to stop mud and large debris from entering your building. These mats provide aggressive scraping action to remove dirt and debris from shoes and trap it in recessed areas.

SuperScape Plus

#2 WaterHog (Scraper/Wiper) Mats

Scraper/wiper mats are designed to provide scraping action and wiping to further stop dirt and moisture from entering a facility. These mats are typically made of tough fabrics. They channel and retain dirt in recessed grooves while absorbing moisture in the fabric surface. These mats are primarily used inside but may be used outside as well.

WaterHog

#3 Carpeted (Wiper) Mats

As entrance mats, carpeted mats are designed to remove any remaining dirt and moisture from shoes. They also provide excellent dust control. The carpet is made in various materials and colors to suit a variety of needs and blend with virtually any décor. Carpeted mats are designed for indoor use. When used in conjunction with a scraper mat and WaterHog mat, they can help stop as much as 80% of dirt from entering a building.

MicroLuxx

SPECIALTY MATS

Logo Mats

Promote Your Brand

Logos, messages, and artwork add a professional look to any entrance or lobby, in addition to the cleanliness and safety benefits the mat itself provides. M+A can add your logo or custom artwork to mats of all types.

WaterHog Impressions HD

Flow-Through Mats

Wet Area Solutions

Flow-through mats are designed for wet environments. The surface offers extra traction while the holes allow liquid to pass through to help eliminate slipping hazards. Flow-through mats also provide excellent anti-fatigue benefits for workers who stand for long periods of time.

Comfort Flow

Slip-Resistant Mats

Protect Against Slips and Falls

With slip-and-fall accidents comprising the majority of worker's compensation claims and a large share of unintended injuries in general, it's more important than ever to ensure that surfaces are as slip resistant as possible. Slip-resistant mats are an ideal solution for providing traction in slippery areas.

Wet Step

Anti-Fatigue Mats

Provide Comfort & Safety

Standing for long periods of time restricts blood flow to the lower extremities, causing soreness and fatigue. Anti-fatigue mats provide support to muscles in the lower legs and back and promote subtle movement in the leg and calf muscles which results in increased blood and oxygen flow. Anti-fatigue mats are available in a wide array of thicknesses and materials to suite a variety of workspaces and environments.

Hog Heaven

GetFit StandUp

3

Mat Entry System

Stop dirt and moisture at your door

80% of dirt, dust, and moisture brought into a building can be contained within the first 9 to 15 feet with mats (CRI).

M+A Matting specifically developed the 3-Mat Entry System to help keep your building cleaner, safer, and more comfortable.

The Wonderful World of WaterHog® Mats

Since its introduction in 1986, WaterHog has become America's best-selling mat. Renowned for its bi-level design and water dam border, it's highly effective at stopping dirt and moisture, keeping floors clean and dry.

The WaterHog product line has grown substantially over the last three decades to include a wide array of patterns, colors, and sizes. With so many options and a unique nomenclature, selecting a WaterHog mat can seem challenging at first, but these steps are designed to simplify the selection process.

1. Pick Your Fabric Weight

WaterHog®

24-ounce PET

The 24-ounce WaterHog and 30-ounce WaterHog Max product lines are made with PET, an eco-friendly polyester made from at least 97% recycled plastic.

WaterHog® Max

30-ounce PET

2. Pick Your Pattern and Color

The WaterHog (24-ounce) line comes in two designs with 12 color options. The WaterHog Max (30-ounce) line comes in three designs with seven color options. WaterHog Silver (30-ounce), the anti-microbial WaterHog, comes in one design with two color options.

WaterHog
Squares

WaterHog
Diamond

WaterHog
Max Diamond

WaterHog Max
Herringbone

WaterHog
Plus

WaterHog
Silver

3. Pick Your Border

Classic Rubber Border

Fashion Fabric Border

4. Pick Your Backing

All WaterHog mats are backed with rubber. The standard backing is a 78-mil SBR (styrene-butadiene rubber) with either a smooth surface for placement on smooth/hard floors (like marble, tile, or wood) or with a universal backing surface for placement on carpeted floors.

Smooth Backing
78-mil SBR

Recommended for hard floor surfaces

Universal Backing
78-mil SBR

Designed to perform on both carpeted and smooth floors

5. Add Some Optional "Grandeur"

If you're interested in adding a little grandeur to your entrance matting, you may want to consider a *WaterHog Max Grand* mat. The luxurious rounded mats can be placed at either or both ends of WaterHog Max Diamond.

Half Oval

One End

Two Ends

WATERHOG®

Scraper/Wiper · Indoor/Outdoor

- **Clean & Dry** – Bi-level surface effectively scrapes dirt and moisture from shoes, trapping it beneath shoe level to prevent tracking; water dam border holds moisture keeping it off your floors (WaterHog mats can hold up to 1.5 gallons of water per square yard)
- **Durable** – Reinforced rubber nubs prevent pile from crushing and extend the performance life of the mat
- **Fade & Stain Resistant** – Solution-dyed PET fabric (24 ounces/square yard) is resistant to staining, dries quickly, and will not fade or rot
- **Safe** – Beveled edges provide a safe transition from floor to mat; certified high-traction by the National Floor Safety Institute (NFSI)
- **Eco-Friendly** – SBR rubber backing contains 20% post-consumer recycled rubber from car tires; PET surface is made from at least 97% recycled content reclaimed from plastic
- Available in 12 colors with choice of classic rubber border or fashion fabric border
- Feature 78-mil SBR rubber with universal cleated backing or smooth backing

SIZES

18" x 27"	3' x 16'	4' x 20'
2' x 3'	3' x 20'	6' x 8'
3' x 4'	4' x 6'	6' x 12'

- **Clean & Dry** - Raised nubs remove dirt and moisture from shoes and trap it below foot level; water dam border holds up to 1.5 gallons of water per square yard, keeping your floors clean, dry, and safe

- **Eco-Friendly** - PET fabric is made from at least 97% recycled content reclaimed from plastic, and SBR rubber backing contains 20% recycled rubber from car tires

- **Safe** - Beveled edges provide a safe transition from floor to mat; certified high-traction by the National Floor Safety Institute (NFSI)

- **Durable** - Reinforced rubber nubs prevent pile from crushing and extend the performance life of the mat

- **Fade & Stain Resistant** - Solution-dyed PET fabric (30 ounces per square yard) is resistant to staining, dries quickly, and will not fade or rot

- Available in 7 colors with choice of classic rubber border or fashion fabric border

- Feature 78-mil SBR rubber with universal cleated backing or smooth backing

Black Smoke

Chestnut Brown

Grey Ash

Indigo

Khaki

Maroon

Southern Pine

- **Clean & Dry** – Bi-level surface effectively scrapes dirt and moisture from shoes, trapping it beneath shoe level to prevent tracking
- **Durable & Fade Resistant** – Reinforced rubber nubs prevent pile from crushing and extend the performance life of the mat; solution-dyed PET fabric (30 ounces per square yard) is resistant to staining and fading
- **Safe** – Beveled edges provide a safe transition from floor to mat; certified high-traction by the National Floor Safety Institute (NFSI)
- **Eco-Friendly** – PET fabric is made from 97% recycled content reclaimed from plastic, and the SBR rubber backing contains 20% post-consumer recycled rubber from car tires
- Available in 7 colors with 78-mil SBR smooth rubber backing
- Designed to be installed like carpeting or loose-laid like a mat; vinyl nosing available for border (sold separately)

SIZES

6' x 67' Roll

Custom sizes are available in whole foot widths from 3' to 12' and lengths up to 50'. Widths over 6' are manufactured by seaming together two mats and trimming as needed. The minimum size for a custom roll goods mat is 3' x 12'. The maximum custom size is 12' x 50'. Available with smooth backing only. Tolerable manufacturing size variance is 3-5%.

**Product No. 2271 (full roll),
2272 (custom sizes)**

BERBER ROLL GOODS

Carpeted (Wiper) · Indoor/Outdoor

*These colors are available in 6' width rolls only

- **Durable** - Heavy 52-ounce solution-dyed fabric is stain resistant and has excellent light fastness; tough enough for outdoor use
- **Safe** - High-performance rubber backing helps hold the mat in place to minimize slipping hazards
- **Attractive** - Loop pile "berber" construction features a hobnail design for an upscale look
- **Easy to Clean** - Polypropylene fabric (52 ounces/square yard) is naturally resistant to staining and fading
- **Customizable** - In addition to being available in custom sizes, this product can be made with your custom logo inlaid (no setup fees)
- 17 colors to match any decor
- 3/8" thick and available in custom sizes from 3' x 12' to 12' X 50'
- Designed to be installed like carpeting or loose-laid like a mat; available with singed borders or vinyl nosing (sold separately)

SIZES

6' x 125' roll
12' x 125' roll

Custom sizes are available in widths from 3' to 12' and lengths up to 50'. Please note that widths over 6' may be seamed based on material availability.

Product No. 2281 (full roll), 2282 (custom sizes)

Vinyl Nosing

Singed Border

Oynx

- **Superior Dirt-Stopping Power** - Coarse nylon fibers scrape and wipe dust and dirt from shoes
- **Resilient** - High-twist, heat-set nylon resists crushing to better trap dirt and extend the useful life of the mat
- **Fade Resistant** - Solution-dyed nylon won't fade in sunlight or with repeated washing; impervious to bleach
- **Safe** - Certified high-traction by the National Floor Safety Institute (NFSI)
- Commercially launderable when backed with nitrile rubber
- Available in 1 color option with a choice of SBR (48 mil) or nitrile rubber (65 mil, 90 mil) with multiple backing options to ensure the mat stays in place on your floor

SIZES

2' x 3'	4' x 10'
3' x 4'	5' x 6'
3' x 5'	5' x 10'
3' x 10'	6' x 10'
4' x 6'	6' x 12'
4' x 8'	

Custom sizes are available in widths from 3' to 6' and lengths up to 40'. 6' widths are available with smooth backing only. Mat sizes are approximate as rubber shrinks and expands in conjunction with temperature and time. Tolerable manufacturing size variance is 3-5%.

M+A Matting offers numerous types of logo mats.

Each of these logo mat processes result in high quality products your customers will be proud to use. Pricing is calculated by each individual design number and quantity. Different size logo mats and standard mats may not be combined for quantity discount.

LOGO MAT ORDERING MADE EASY:

1) Select **Submit Design** from the **My Account** menu on **mamattting.com** or go directly to **artwork.mamattting.com**

2) Choose one of the three options and complete the necessary information on the submit page, attach your logo file. Artwork should be 300 dpi or greater.

Your proof will be emailed back to you within 5 minutes-24 business hours depending on the option selected. Once your proof arrives by email, please take the following simple steps:

1) Approve or make necessary changes to the proof.

2) Return the art proof with any changes or approved art proof with purchase order and quantity of mats to **artwork5@mamattting.com**.

Acceptable
Vector Graphic Files:
AI, EPS, PDF, CDR, SVG
Image Files:
TIFF (150-921 DPI/PPI)*
JPG (150-921 DPI/PPI)*
PNG (150-921 DPI/PPI)*

*For carpeted mats, 150 to 300 DPI/PPI is required. For rubber mats, a minimum of 921 DPI/PPI is required.

Desktop and
mobile-friendly.

artwork.mamattting.com

The submission tool enables automated proofs to be returned in **less than 5 minutes** or if you would like one of our expert designers to adjust the proof it takes **less than one full business day**

3' x 10'	6' x 10'
4' x 6'	6' x 12'

Custom sizes are available in widths from 3' to 6' and lengths up to 40'. Mat sizes are approximate as rubber shrinks and expands in conjunction with temperature and time. Tolerable manufacturing size variance is 3-5%.

COLORSTAR® IMPRESSIONS HD CUSTOM SHAPE

Logo · Carpeted (Wiper) · Indoor

Product No. 970

- **Photographic-Quality Print** - Logos and designs are digitally printed at 76 dpi on 32-ounce per square yard carpet, making fine details, shading, and 3D images achievable
- **Eco-Friendly** – PET (polyethylene terephthalate) carpet surface contains 100% recycled content reclaimed from plastic
- **Fade Resistant** - PET yarn has excellent color-fastness and is resistant to fading from repeated washing/cleaning
- **Stain Resistant** - PET yarn is naturally resistant to staining
- **Durable** - Backed with durable 90-mil nitrile rubber that will not crack or curl
- Commercially launderable (although please note that certain shapes may not be suitable for laundering)

SIZES

Custom shape mats are available in sizes up to 6' wide and 23' long.

WATERHOG IMPRESSIONS HD®

Logo · Scraper/Wiper · Indoor/Outdoor

Classic Border Product No. 2381
Fashion Border Product No. 2380

- **Clean & Dry** – Bi-level surface effectively scrapes dirt and moisture from shoes, trapping it beneath shoe level to prevent tracking; water dam border holds moisture keeping it off your floors (WaterHog mats can hold up to 1.5 gallons of water per square yard)
- **Durable** – Reinforced rubber nubs prevent pile from crushing and extend the performance life of the mat
- **Safe** – Beveled edges provide a safe transition from floor to mat; certified high-traction by the National Floor Safety Institute (NFSI)
- 56 standard color options
- Available with choice of classic (rubber) border or fashion (fabric) border; please note that only the rubber-bordered mat is commercially launderable
- Features 65-mil nitrile rubber with choice of smooth or universal cleated backing

SIZES

2' x 3'	4' x 6'
3' x 4'	4' x 8'
3' x 5'	6' x 8'
3' x 10'	6' x 10'
3' x 12'	6' x 12'
3' x 16'	6' x 16'
3' x 20'	6' x 20'

Please note, mat sizes are approximate as rubber shrinks and expands in conjunction with temperature and time. Tolerable manufacturing size variance is 3-5%.

BERBER IMPRESSIONS HD

Logo · Carpet (Wiper) · Indoor/Outdoor

Product No. 2383

- **Durable** - The tight weave of Berber makes it durable enough to withstand heavy foot traffic while scraping dirt and moisture from shoes to minimize tracking
- **High Definition** - The Berber fabric features a smooth surface that allows for crisp printing definition
- **Eco-Friendly** - These mats are made with PET (polyethylene terephthalate), a type of polyester yarn that features 80% recycled content reclaimed from plastic drink bottles
- **Easy to Clean** - PET fabric is naturally resistant to staining
- **Attractive** - The loop pile "berber" construction features a hobnail design for an upscale look
- **Safe** - Durable rubber backing helps keep the mat in place to minimize slipping hazards
- 56 standard color options; choice of smooth or universal cleated rubber backing
- Intended for indoor or outdoor covered use; not intended for use in direct sunlight as fading will occur

SIZES

2' x 3'	4' x 8'
3' x 4'	5' x 8'
3' x 5'	5' x 10'
3' x 10'	6' x 10'
4' x 6'	6' x 12'

Custom sizes are available in widths from 3' to 6' and lengths up to 40'. Mat sizes are approximate as rubber shrinks and expands in conjunction with temperature and time. Tolerable manufacturing size variance is 3-5%.

BERBER ROLL GOODS INLAY

Logo · Carpet (Wiper) · Indoor/Outdoor

Product No. 2283

- **Durable** - Heavy 52-ounce solution-dyed fabric is stain resistant and has excellent light fastness; tough enough for outdoor use
- **Attractive** - Loop pile "berber" construction features a hobnail design for an upscale look
- **Safe** - High-performance rubber backing helps hold the mat in place to minimize slipping hazards
- **Easy to Clean** - Polypropylene fabric is naturally resistant to staining and fading
- 17 colors to choose from
- 3/8" thick and available in custom sizes from 3' x 12' to 12' x 50'
- Designed to be installed like carpeting or loose laid like a mat; available with singed borders or vinyl nosing (sold separately)

CUSTOM SIZES

Available in 3' to 12' widths in sizes up to 12' x 50'. Available with smooth backing only. Widths over 6' will be seamed.

WATERHOG® MAX ROLL GOODS INLAY

Logo · Scraper/Wiper · Indoor/Outdoor

Product No. 2268

- **Clean & Dry** - Bi-level surface effectively scrapes dirt and moisture from shoes, trapping it beneath shoe level to prevent tracking; water dam border holds moisture keeping it off your floors (WaterHog mats can hold up to 1.5 gallons of water per square yard)
- **Durable & Fade Resistant** - Reinforced rubber nubs prevent pile from crushing and extend the performance life of the mat; solution-dyed fabric is fade-resistant
- **Safe** - Beveled edges provide a safe transition from floor to mat; certified high-traction by the National Floor Safety Institute (NFSI)
- 17 logo colors and 7 background colors to choose from
- Designed to be installed like carpeting or loose-laid like a mat; vinyl nosing available for border (sold separately)

Classic Product No. 234
Fashion Product No. 235

*These colors are only available in 3' and 4' widths.

- **Clean & Dry** - Bi-level surface effectively scrapes dirt and moisture from shoes, trapping it beneath shoe level to prevent tracking; water dam border holds moisture keeping it off your floors (WaterHog mats can hold up to 1.5 gallons of water per square yard)
- **Durable & Fade Resistant** - Reinforced rubber nubs prevent pile from crushing and extend the performance life of the mat; solution-dyed fabric is fade-resistant
- **Safe** - Beveled edges provide a safe transition from floor to mat; certified high-traction by the National Floor Safety Institute (NFSI)
- **Eco-Friendly** - Rubber backing contains 20% post-consumer recycled rubber from car tires
- 19 fabric colors to choose from
- Available with choice of classic rubber border or fashion fabric border
- Features 78-mil SBR rubber with choice of smooth or universal cleated backing

SIZES

2' x 3'	4' x 10'
3' x 4'	4' x 12'
3' x 5'	4' x 16'
3' x 10'	4' x 20'
3' x 12'	6' x 8'
3' x 16'	6' x 12'
3' x 20'	6' x 16'
4' x 6'	6' x 20'
4' x 8'	

Available in special sizes with widths of 3' (35"), 4' (45"), and 6' (70") and whole foot lengths up to 20'. Please note, mat sizes are approximate as rubber shrinks and expands in conjunction with temperature and time. Tolerable manufacturing size variance is 3-5%.

SUPERSCAPE™ IMPRESSIONS

Logo · Scraper · Outdoor

Product No. 3559

- **Clean** - Surface cleats effectively remove and trap dirt and sand below shoe level to prevent tracking
- **Safe** - Certified high-traction by the National Floor Safety Institute (NFSI)
- **Easy to Clean** - Lightweight flexible design ensures easy handling and cleaning (shake off soil and hose off); can be commercially laundered
- Features 3/16" thick nitrile rubber with circular surface cleats

SIZES

2.5' x 3'	4' x 6'
3' x 4'	4' x 8'
3' x 5'	6' x 6'
3' x 10'	6' x 8'

Please note, mat sizes are approximate as rubber shrinks and expands in conjunction with temperature and time. Tolerable manufacturing size variance is 3-5%.

HOG HEAVEN® IMPRESSIONS

Logo · Anti-Fatigue · Indoor

Product No. 3422

- **Comfortable** – 5/8" high-density nitrile-blended cushion helps eliminate pressure to the lower back and legs, providing superior comfort
 - **Safe** - Certified high-traction by the National Floor Safety Institute (NFSI); edges will not crack or curl and provide a safe transition from floor to mat
 - **Durable** – Nitrile-blended cushion provides years of useful service life; cushion is molded, not glued, to the nitrile rubber surface so it will not separate
 - **Versatile** - Welding safe; grease/oil resistant; chemical resistant
- *Please note that the polymetric film with your logo/imprint will be less resistant to elements than the mat.

SIZES

2' x 3'
3' x 5'
4' x 6'

Please note, mat sizes are approximate as rubber shrinks and expands in conjunction with temperature and time. Tolerable manufacturing size variance is 3-5%.

FLOOR IMPRESSIONS

Logo · Promotional Mat · Indoor

Product No. 3425

- **Photographic-Quality Print** – Logos and designs are digitally printed making fine details, shading, and 3D images achievable
- **Safe** - Edges will not crack or curl and provide a safe transition from floor to mat; mats provide floor protection
- **Easy to Clean** - Lightweight flexible design ensures easy handling and cleaning
- Features 3/16" thick nitrile rubber with a diamond surface

SIZES

2' x 3'
2.5' x 3'
3' x 4'
3' x 5'
3' x 10'
4' x 6'

Available in custom sizes with widths of 3' (34") and lengths up to 117"; and with widths of 4' (46") and lengths up to 93" long. Please note, mat size is approximate as rubber shrinks and expands in conjunction with temperature and time. Tolerable manufacturing size variance is 3-5%.

The Benefits of ANTI-FATIGUE MATS

Anti-Fatigue mats alleviate stress to the back and legs by providing a cushioned surface to stand on.

Anti-Fatigue mats are perfect for people who have to stand or work in the same place for continual periods of time.

Anti-Fatigue mats are recommended for a wide variety of industries and are commonly placed in various applications such as:

- Production or assembly lines
- Stand Up Desks or Workstations
- Kitchens
- Cashier Desks
- Laboratories and many more

M+A Matting Anti-Fatigue mats have been shown to do the following:

- **REDUCE ENERGY CONSUMPTION BY UP TO 50%** in the supporting muscles such as those in the leg and the lower back, when compared to standing on a hard floor
- **REDUCE FATIGUE** by promoting subtle movement in the leg and calf muscles, resulting in increased blood and oxygen flow

Safety and Ergonomics

Mats are used throughout facilities in numerous other capacities where safety is a must and anti-fatigue comfort is essential to the health and well being of employees.

- Slip and falls are the second leading cause of all workplace injuries according to Liberty Mutual Workplace Index. As many as 25,000 people a day are victims of slip and fall accidents (NSC)
- Compensation and medical costs associated with employee slip-and-fall accidents total approximately \$70 billion annually (NSC)
- The average cost of a slip and fall injury exceeds \$12,000 (Wausau Insurance)
- The average cost to defend a slip-and-fall lawsuit is \$50,000 (NFSI)
- Back injuries account for 25% of all worker compensation claims annually
- Cumulative Standing Trauma (CST) causes billions of dollars of loss annually due to reduced productivity, increased worker compensation, higher insurance rates, and absenteeism
- According to the American College of Occupational and Environmental Science, about 38% of workers in the United States suffer from fatigue

Testing shows that ergonomic matting can reduce worker fatigue.

HOG HEAVEN®

Anti-Fatigue · Indoor

Product No. 421 (5/8" Black Border), 423 (5/8" Striped Border),
422 (7/8" Black Border), 424 (7/8" Striped Border)

- **Comfortable** - High-density nitrile-blended cushion helps eliminate pressure to the lower back and legs, providing superior comfort
- **Safe** - Certified high-traction by the National Floor Safety Institute (NFSI); sloped edges provide a safe transition from floor to mat
- **Durable** - Nitrile-blended cushion provides years of useful service life; cushion is molded, not glued, to the nitrile rubber surface so it will not separate; edges will not crack or curl
- **Versatile** - Welding safe; ESD rating of electrically conductive; chemical resistant; surface is grease/oil proof and cushion is grease/oil resistant
- Available in 5/8" or 7/8" thicknesses with solid black or with OSHA-approved caution yellow borders on two sides
- Can be customized with your logo, design, or message (see Hog Heaven Impressions)

SIZES

2' x 3'

3' x 5'

3' x 12'

4' x 6'

4.8' x 8'

Custom sizes are available in widths of 2' (23"), 3' (32"), 4' (46"), and 4.8' (58") and lengths up to 100'. Please note that mats over 60' will have up to 2 seams. Please note, mat sizes are approximate as rubber shrinks and expands in conjunction with temperature and time. Tolerable manufacturing size variance is 3-5%.

STEADY COMFORT™

Anti-Fatigue · Indoor

- **Safe** - Rubber nubs provide traction; beveled edges provide a safe transition from floor to mat; certified high traction by the National Floor Safety Institute (NFSI)
- **Comfortable** - High-density closed-cell nitrile rubber foam provides excellent anti-fatigue qualities
- **Clean** - Lifetime anti-microbial treatment prevents odors and degradation of the mat
- **Versatile** - Grease and oil proof; chemical resistant; welding safe
- **Easy to Clean** - Lightweight flexible design ensures easy handling and cleaning
- Commercially launderable

SIZES

2' x 3'

3' x 5'

3' x 10'

4' x 6'

Please note, mat sizes are approximate as rubber shrinks and expands in conjunction with temperature and time. Tolerable manufacturing size variance is 3-5%.

Product No. 5220

WET STEP®

Anti-Fatigue · Wet Area · Indoor/Outdoor

Blue

Grey

- **Slip-Resistant & Safe** - Drainage holes allow water to freely drain away; certified high traction by the National Floor Safety Institute (NFSI)
- **Comfortable** - 1/4" high-density nitrile foam provides excellent anti-fatigue properties and feels great to bare feet
- **Clean** - Anti-microbially treated to help prevent odors and degradation; mold and mildew resistant; anti-fungal
- **Durable** - Nitrile rubber foam is UV resistant and lasts considerably longer than PVC (vinyl) foam
- **Easy to Clean** - Can be autoclave sterilized, commercially laundered, or washed by hand
- Available in blue or grey

SIZES

17" x 24"

2' x 3'

3' x 5'

3' x 10'

3' x 20'

Custom sizes are available in 3' (35") widths and whole foot lengths up to 20'. Please note, mat sizes are approximate as rubber shrinks and expands in conjunction with temperature and time. Tolerable manufacturing size variance is 3-5%.

Product No. 789

SURE CUSHION

Anti-Fatigue · Indoor/Outdoor

SURE CUSHION RIBBED

Product No. 415

- Sure Cushion Ribbed mats feature 3/8-inch ribbed PVC foam designed to provide floor protection in dry environments.

SIZES

2' x 60'

3' x 60'

4' X 60'

SURE CUSHION TEXTURE

Product No. 425, 427 (yellow border)

- Sure Cushion Textured mats feature 3/8-inch textured PVC foam designed to provide floor protection in dry environments.
- Available in solid charcoal or charcoal with yellow borders on two sides.

SIZES

3' x 60'

SURE CUSHION HEAVY DUTY

Product No. 428

- Sure Cushion Heavy Duty mats feature a 1/2-inch PVC foam that has beveled edges to provide a safe transition from the floor to the mat, all while providing floor protection and ergonomic benefits in dry environments.

SIZES

3' x 60'

KNEELING COMFORT™

Anti-Fatigue · Indoor/Outdoor

- **Comfortable** - 7/8" cushion reduces knee trauma and lower back stress
- **Clean** - Closed-cell nitrile-blended rubber foam will not absorb liquids, and the 100% nitrile rubber surface easily wipes clean with soap and water
- **Safe** - Certified high-traction by the National Floor Safety Institute (NFSI)
- **Durable** - Welding safe; chemical resistant; surface is grease/oil proof, cushion is grease/oil resistant
- **Versatile** - When you need a welding safe, chemical resistant, grease/oil proof surface, put the rubber side up; when you need additional traction on a slippery surface, put the rubber side down (foam side up) for added slip-resistance
- **Convenient** - Built-in handle enables easy transportation and storage
- Rubber surface has an ESD rating of electrically conductive

SIZES

12" x 22"

Please note, mat sizes are approximate as rubber shrinks and expands in conjunction with temperature and time. Tolerable manufacturing size variance is 3-5%.

DESK CHAIR MAT

Specialty · Indoor

Product No. 2285

- **Glides Easily** - 7/8" cushion reduces knee trauma and lower back stress
- **Skid-Resistant Floor Protection** - Closed-cell nitrile-blended rubber foam will not absorb liquids, and the 100% nitrile rubber surface easily wipes clean with soap and water
- **Easy to Clean** - Certified high-traction by the National Floor Safety Institute (NFSI)
- High-definition printing makes the mats uniquely reminiscent of different woven fabrics; Astella mimics a cross-hatch woven fabric; Stonewash looks like well-worn denim; Stratford offers a classic linen look.
- Each design is available in three colors - blue, grey and khaki
- Designed for placement on hard floors (will work on low-pile carpet, but not designed for anything softer)

SIZES

3' x 4'

Please note, mat sizes are approximate as rubber shrinks and expands in conjunction with temperature and time. Tolerable manufacturing size variance is 3-5%.

MESSAGE MATS

Logo · Carpeted (Wiper) · Indoor

- Provide important messages while capturing dirt and moisture to help reduce tracking and slip-and-fall accidents
- Feature standard messages regarding safety, quality, and for specific locations like coffee stations
- Available as ColorStar Impressions and ColorStar Impressions HD
- Certified high-traction by the National Floor Safety Institute (NFSI)

SIZES

Available in a variety of sizes that vary by mat type and message.

CLEAN STRIDE®

Specialty · Indoor

- Raised nubs on the WaterHog mat remove dirt and moisture from shoes and trap it below foot level while the adhesive insert removes any remaining dirt or dust particles
- Adhesive inserts sold separately, each with 60 numbered layers
- Available with smooth or cleated backing
- Not recommended for wet areas

Product No. 410 Frame Only, 411 Frame with Carpet, 412 Inserts (60 sheets)

SIZES

Rubber Frame:

26.5" x 32"
36.5" x 46"

Carpet/Rubber Frame:

26.5" x 63.5"
36.5" x 92.5"

Clean Stride Mat Frames **do not** include Clean Stride Inserts

Insert:

24" x 30"
34" x 44"

Please note, mat sizes are approximate as rubber shrinks and expands in conjunction with temperature and time. Tolerable manufacturing size variance is 3-5%.

SURE STRIDE®

Slip-Resistant · Indoor

Product No. 4450 Sure Stride
Product No. 4459 Cutting Board
Product No. 4460 Cutting Knife

- **Keeps Floors Dry** - Moisture barrier keeps liquids from soaking through to the floor
- **Stays in Place** - Adhesive backing keeps mat flat and in place, even with heavy cart and buggy traffic
- **Safe** - Certified high-traction by the National Floor Safety Institute (NFSI)
- **Odor Resistant** - Anti-microbially treated for protection from odors
- **Dries Quickly** - Mat dissipates water quickly for fast drying time
- **Easy to Install** - Cut individual mats from the roll as needed
- **Hassle Free** - Can be left in place during daily cleaning; floor scrubbers, vacuums, and mops will pass right over without causing damage
- Will perform for up to 4 months under normal use.

SIZES

2' x 25' roll
3' x 50' roll
3' x 100' roll

SURE STRIDE® PLUSH

Slip-Resistant · Indoor

Product No. 4457

- **Keeps Floors Dry** - Retains more than a gallon of water per 10 linear feet; moisture barrier keeps liquids from soaking through to the floor
- **Stays in Place** - Adhesive backing keeps mat flat and in place, even with heavy cart and buggy traffic
- **Safe** - Certified high-traction by the National Floor Safety Institute (NFSI)
- **Odor Resistant** - Anti-microbially treated for protection from odors
- **Dries Quickly** - Eco-friendly PET fabric dissipates water quickly for fast drying time
- **Easy to Install** - Cut individual mats from the roll as needed
- **Hassle Free** - Can be left in place during daily cleaning; floor scrubbers, vacuums, and mops will pass right over without causing damage
- Will perform up to 4 months under normal use.

3' x 30' roll

CLEANSHIELD® UNIVERSAL MATS

Specialty · Indoor

Product No. 4075

- **Minimizes Odors** – Silver ion fibers provide antimicrobial protection from odors and degradation
- **Protects Floors** – Seep-Guard barrier eliminates urine seepage, protecting your floors from damage caused by uric acid
- **Stays in Place** – Tacki-Back adhesive keeps the mat flat and in place
- **Dries Quickly** – Surface dissipates water quickly for fast drying time
- **Hassle Free** – Mats can be left in place during daily floor cleaning; floor scrubbers, mops, and brooms will pass right over them without causing damage
- **Safe** – Certified high-traction by the National Floor Safety Institute (NFSI)
- **Eco-Friendly & Attractive** – PET fabric surface is made from 100% post-consumer recycled plastic bottles and features an attractive diamond pattern that provides an upscale look
- Designed for 30-day usage; easy-to-read TimeStrip® indicates when it's time to replace the mat (step on/push to initially activate)
- Sold by the case/box; 6 mats per case

SIZES

21.25" X 20.25"

TimeStrip®

Seep Guard Barrier
& Tacki-Back

Designed for dual use at commodes and urinals.

CLEANSHIELD® URINAL MATS

Specialty · Indoor

Product No. 4065, 4465 Urinal

SAFETY SCRAPE™

Slip-Resistant · Indoor/Outdoor

- **Slip-Resistant** - Molded grip surface provides traction even in wet areas
- **Clean** - Surface cleats effectively remove and trap dirt and sand below shoe level to prevent tracking
- **Safe** - Certified high-traction by the National Floor Safety Institute (NFSI)
- **Durable** - Grease/oil proof; chemical resistant
- **Easy to Clean** - Lightweight flexible design ensures easy handling and cleaning (shake off soil and hose off); can be autoclave sterilized

SIZES

2' x 3'

3' x 5'

3' x 10'

4' x 6'

4' x 10'

Please note, mat sizes are approximate as rubber shrinks and expands in conjunction with temperature and time. Tolerable manufacturing size variance is 3-5%.

Product No. 545

TRACTION TREAD

Slip-Resistant · Indoor

- **Slip-Resistant & Safe** - Certified high-traction by the National Floor Safety Institute (NFSI)
- **Durable** - 1/8" solid nitrile rubber provides years of service life and will not crack or curl
- **Versatile** - Grease/oil proof; chemical resistant; welding safe
- ESD rating of electrically conductive

SIZES

2' x 3'
3' x 5'
3' x 9'
3' x 12'
4' x 6'
4' x 9'
4' x 12'

Please note, mat sizes are approximate as rubber shrinks and expands in conjunction with temperature and time. Tolerable manufacturing size variance is 3-5%.

WATERHOG® FORKLIFT

Specialty · Outdoor

- **Durable** – Reinforced rubber nubs, backing, and fabric top are designed to withstand forklift traffic up to 14,000 pounds
- **Clean and Dry** – Bi-level surface removes dirt and moisture from wheels and trap it to minimize tracking
- **Easy to Install** – Mats are easy to install and scalable for large applications; aggressive adhesive taping system (sold separately) keeps tiles from moving
- **Eco-Friendly** – Rubber backing contains 20% post-consumer recycled rubber from car tires; PET surface is made from at least 97% recycled content reclaimed from plastic
- Available in 6 colors with 100 mil smooth SBR backing
- WaterHog Forklift mats should be installed with double-sided tape (not included)

SIZES

4' x 6' Tiles
3" x 108' Tape

Please note, mat sizes are approximate as rubber shrinks and expands in conjunction with temperature and time. Tolerable manufacturing size variance is 3-5%.

Product No. 1049 (Double Sided Tape)

DOUBLE SIDED TAPE installation system eliminates mat movement.
Installation instructions available at www.mamattng.com.
